FOR IMMEDIATE RELEASE

Hometown Grocer Gets Major Facelift

(Watertown, SD) - County Fair Foods recently completed an extensive remodel of their parking lot and store front in uptown Watertown.

MJ Lang resurfaced the parking lot and Arnold Construction remodeled the front of the store.

The remodel included removing the existing canopy and replacing it with a 3 peak front. County Fair also added new signs to the front and sides of the building. The signs were made and installed by Stein Sign of Watertown.

Store owners and long time Watertown residents Jeff and Annette Gamber decided it was time for the store to have a new look.

"We both thought it was time for the building to have a new face, and bring a fresh new look to Uptown Watertown," Jeff Gamer said.

New electric front doors from Brian's Glass will also be part of the remodel.

"We are excited about the changes and how the store is looking," Annette said. "We hope everything will be complete by early December."

The Gamber's have owned County Fair Foods for 24 years and are anticipating the store's 25th Anniversary in May, 2014. County Fair is Watertown's only hometown grocer.

"With 2 of our sons working in the store with us, we are happy to offer a family-owned, friendly, hometown experience while you shop," Jeff said.

County Fair offers fresh Produce, a deli and bakery, Chairman Reserve Cut Beef, and a huge variety of fresh cut meats and hamburger. The hamburger is ground fresh several times a day, and they will cut any choice of meat to your specifications. County Fair also has a full Deli/Catering Department and Banquet Hall facility, plus carry out service.

"We want you to feel at home shopping with us," Annette said. "Watertown is a great place to live - a caring community that continues to grow."
