# Jim's Park and Shop

## A NOTE FROM JIM:

As we begin 2022, let us all try to make the world better. While everyone will have different goals and objectives, I hope these are a few things are we can all do to make our own lives better while also making the world better.

1. Eat well. There is growing evidence that we all do better when we eat food that is less processed.
2. Get outside more. Being outside helps us get exercise, reduces the likelihood of many diseases (Covid spread is lower outside), and improves our mental health. So get outside as much as possible.
3. Read more. Books are a means of gaining perspective and seeing the world through other people's eyes. Books are a pathway to learning about history, but also about the present and even the future. So take time to turn off TV, get off social media, and read (PS, the Olean Public Library is GREAT, utilize it more!).
4. Take care of one another. We are all family, so let's make it a point to be kind to one another in thought ("they are good people") and action ("gee, I could clear their sidewalk for them" or "I will wear this mask to protect others who have no choice").
5. Be kind to your own family. Think before yelling. Be extra patient. Teach don't nag. Love, don't loathe. Too often adults do damage to children that scar them for life. Stop the cycle. Good starts now. Good starts with each of us.
6. Be kind to yourself. It almost goes without saying that we have all been going through "some things". Living through a pandemic is difficult. Living through a pandemic mixed with political division, economic inequality, racism, environmental changes, and a media maelstrom make it even more difficult. Get professional help if you need it. Be kind to yourself. Be patient.

If we all do these things, I am sure we all will be better off for it. THANKS, everyone! Have a GREAT 2022!

Jim
