FREE GELATO THIS SUMMER AT LEON'S

Did you know that the FOODIES at Leon's think that our Artisan Gelateria should always be one of your stops when you are out for a summer's eve stroll using the Rock Island Trail or on a walk through the neighborhood? First of all, Gelato is just plain delicious! We keep it interesting too, because even though we have 18 different varieties, we are constantly rotating in new summer/seasonal flavors to keep it fresh.

Gelato is more than just tasty... it typically has fewer calories, less sugar and lower fat content per serving than ice cream. It is "turned" at a slower speed which leaves it with less air making it more densely concentrated with flavor. It is also stored at a slightly higher temperature than ice cream which leaves it with a softer and more silky texture.

Our Artisan Gelateria is part of the Stage Door Deli and we offer four sizes for you to choose from. One scoop, two scoop, three scoop Waffle Cones or a take home pint. This year we are adding a special treat for our Foodie Gelato lovers out there by launching a program through our Foodie Rewards Club that gives a FREE single scoop after you have purchased ten.

Yes you heard that right. A FREE GELATO every time you purchase ten single scoops if you are a member of our Foodie Rewards Club... just think of it as a digital punch card. Whether you are buying it for yourself in secret or bringing the family down for a treat every eleventh scoop is on us! That's why some days being average just isn't good enough, that's when you come to

ANTHONY BOURDAIN

BOULDER CANYON

AVOCADO OIL KETTLE STYLE POTATO CHIPS

Boulder Canyon was founded by brothers John and Mark Maggio in 1994, who together wanted to create a healthier but equally delicious snack option. The two learned the methodology of making potato chips and soon after started to create healthier options using better-for-you oils, like olive oil or avocado oil. The Boulder brand was born and the rest is history.

SPECIALTY Cheeses

GARDNER'S WISCONSIN CHEESE CURDS

8 oz.

Cheese curds have a fairly mild nutty/salty flavor due to their youth, however what they don't have in flavor they make up in texture. The texture is firm and springy. This texture causes the curds to squeak when you eat them if they are fresh, and it is scientifically impossible for MEN to eat just one.
