### TALKING LEON'S FRESH TURKEY

Did you know that NOW is time to reserve your FRESH TURKEY from Leon's? Although they don't fly, around Thanksgiving time at Leon's these birds sure do go fast!

There are many different types of birds to choose from this time of year, but if you have visions of that golden roasted centerpiece that tastes even better than it looks, don't be fooled into buying a cheap imitation.

Our FRESH TURKEY has never been kept below 26°F. They are minimally processed, not injected and since they have never been frozen they retain their own natural juices and flavors. These birds typically have a deeper richer taste.

Since at Leon's we take orders, you don't have to worry about thawing or finding a place to store your bird. Call the meat department at 488-2307 to reserve your FRESH TURKEY today! Some days being average just isn't good enough, that's when you come to
