Super Supper!

The hardest part, whether you're a seasoned pro or a rookie, is timing everything to come out at the same time. DON'T SWEAT IT! A lot of dishes can be kept warm covered or add prepared foods from the deli to help get the timing right.

Roasting Turkey

The center of Thanksgiving dinner, turkey can be the most daunting part of the meal. Cook until temperature reaches 165° F. Cooking times are for planning purposes only - always use a meat thermometer to determine if the turkey is done. (Remember when checking to put the thermometer into the thickest part of the breast and thigh, careful not to go into voids or touching bone). Approximate timetable for roasting a turkey at 325° F:

Unstuffed Turkey Weight:	Cooking Time:
8 to 12 pounds	3 3/4 to 4 hours
12 to 14 pounds	3 to 3 3/4 hours
14 to 18 pounds	3 3/4 to 4 1/4 hours
18 to 20 pounds	4 1/4 to 4 1/2 hours
20 to 24 pounds	4 1/2 to 5 hours
24 to 30 pounds	5 to 5 1/4 hours

Stuffed Turkey Weight:	Cooking Time:
8 to 12 pounds	3 to 3 1/2 hours
12 to 14 pounds	3 1/2 to 4 hours
14 to 18 pounds	4 to 4 1/4 hours
18 to 20 pounds	4 1/4 to 4 3/4 hours
20 to 24 pounds	4 3/4 to 5 1/4 hours
24 to 30 pounds	5 1/4 to 6 1/4 hours

Traditions

Turkey or prime ribs are traditional main dishes for Thanksgiving, but there are more options to make your own traditions. Seafood is a popular alternative and we have everything from crab legs to Salmon fillets.

Leg of lamb or rack of lamb may not be thought of for Thanksgiving but these flavorful cuts are great for small or medium sized get togethers.

Another popular alternative to turkey is ham. Easy to prepare and perfect for leftovers, ham is economical and a wonderful centerpiece for the holidays.
