At Leon's we age our beef for a minimum of 21 days, allowing the meat to get more tender and flavorful. That is a difference that you can taste!

FRESH SQUEEZED ORANGE JUICE

Did you know that not all FRESH SQUEEZED ORANGE JUICE is the created the same? The FOODIES at Leon's know it! The combination of the most advanced technology, and carefully chosen fruit, makes each drop of orange juice squeezed at Leon's an experience for the palate.

First off, our juicer cuts the orange in half and squeezes it without the peel ever coming in contact with the juice. It is this process that creates a sweeter perfect tasting juice, free of essential oils. There are also two pulp filters on our juicer that allow you to enjoy your glass of juice without having to worry about the separated pulp at the bottom.

The technology doesn't stop there though! Our juicer is one of the first generation of commercial juicers with antibacterial technology that inhibits the growth of bacteria, ensuring extra effective and long-lasting protection.

Then the FOODIES at Leon's come in. We care about which oranges we use and our produce team chooses the best tasting orange for each season to ensure there is never a drop in the quality and consistency of our juice. Using the right orange at the right time of year can drastically change how your juice tastes so we make sure that we are always using the best variety at the right time.

This week we are featuring our 1/2 gallon orange juice at a \$1 OFF A 1/2 GALLON so that if you have never tasted it you can try it! That's why some days being average just isn't good enough, that's when you come to

KOCHITL TORTILLA CHIPS

At Kochitl, their mission has always been to provide the finest products and flavors made from authentic ancient recipes. The Aztecs steeped kernels of corn in lime overnight and ground them with large stones to create a dough called Nixtamal, which they used to make tortillas. Hundreds of years later, Kochitl Totopos de Maiz (corn chips) are oven-baked and quick fried to perfection, creating the deliciously thin and crispy chips that the FOODIES at Leon's have come to know as the #1 selling gourmet tortilla chip in the store!

ICELANDIC PROVISIONS

SKYR

Skyr is a thick & creamy Icelandic yogurt that's been a provision of Icelanders for nearly 1,000 years. Skyr is akin to yogurt but has a different texture thanks to the heirloom Icelandic cultures used to make it. It takes nearly four cups of milk to make one cup of Skyr, making it thicker, and creamier than yogurt.
