## SAVE BIG WITH MEGA MEAT SALE!

Did you know that the MEGA meat sale is one heckuva sale? Every year a few months before summer grilling season gets into full swing, our famous Butcher Block Meat Department runs a terrific sale on our USDA Choice "Aged to Perfection" meats and our premium Pork.

The word MEGA refers to both the amount of fabulous Leon's meat you get and the amount of money you save. By buying a larger amount of meat at one time, you save more than \$2.00/LB. off our usual sale prices!

The big pieces of meat are also more convenient because our butchers will cut it the way you like, cut it the thickness you like and then wrap it the way you like. This makes the meat freezer ready!

This is a great sale so take advantage of it today, for your convenience call ahead to eliminate your wait in the store 402-488-2307. Some days being average just isn't good enough, that's when you come to

## ZOUP! GOOD, REALLY GOOD BROTH

The lack of broths on grocery store shelves that were good enough to heat and drink was the inspiration behind Good, Really Good Premium Broths. After a solid year of trial and error, and hundreds of taste tests, they achieved their mission of creating a broth line deserving of the "Good, Really Good" designation. From their chicken and beef bone broths to their savory veggie broth, each features simmered-all-day flavor worthy of sipping, and which home cooks have enthusiastically accepted to elevate their home-cooked meals.

(Does not include Zoup Bone Broths)

## MALDON SEA SALT CRYSTALS

They have been hand harvesting world famous Maldon Salt since 1882. It is loved by chefs and cooks the world over. The unique pyramid shaped, crunchy sea salt flakes contain the perfect balance of natural minerals, offering a fresh intensity and clean taste to enhance any dish. It has been on our shelves at Leon's consistently for over 20 years. The taste and texture is a difference sought after by FOODIES everywhere and we think it is worth a taste!

## SUN GHEE GRASS FED CLARIFIED BUTTER

Ghee is a clarified butter made by separating butterfat from the milk solids and water in butter. It can be stored in a pantry when unopened, just like oil, because it's almost all fat. It is solid at room temperature and, nutritionally, ghee and butter are almost identical. Because ghee is clarified, it contains neither casein (the dominant protein in milk) nor lactose, making it easier for those with lactose intolerance to digest. The FOODIES at Leon's think Sun Ghee is the best on the market that we have tasted and it is for you, and better for the farms it is sourced from.
