Family meals help keep us connected!

September is National Family Meals Month and we're celebrating.

- Enjoying meals together as a family is a great way to get stronger emotionally, physically, and mentally!
- Family meals are associated with better weight management, improved physical health and improved mental health.
- The communication and relationship skills learned at family meals prepare us to survive and thrive during life's ups and downs.
- Eating family meals is good; spending more time around the table is even better. Extending mealtimes by just ten minutes can further improve diet quality and eating behavior among children.

Tips For Killer Kebabs

1. Choosing the right meat and cutting it properly

- Tender cuts are best for quicker cooking, such as beef sirloin, tenderloin, ribeye, or boneless chicken breasts or thighs.
- Cut meat into equal-sized chunks (around 1 1/2 inches) for even cooking

2. The importance of the marinade

• Marinades tenderize and add flavor. Common marinade ingredients include: olive oil, soy sauce, Worcestershire sauce, Dijon mustard, lemon juice, garlic, and spices.

• Marinade time: Marinate for at least 30 minutes, or overnight for tougher cuts of meat.

• Experiment with different spice combinations like: cumin, turmeric, paprika, cardamom, oregano, and sumac for unique flavors.

3. Assembling the kebabs

• Soak wooden skewers in water for at least 30 minutes to prevent burning.

• Don't overcrowd the skewers. Leave a small space between ingredients for even cooking.

• Separate ingredients strategically: Put ingredients with similar cooking times on the same skewer.

• Use a variety of colors and textures, choosing vegetables that hold their shape well, such as: bell peppers, mushrooms, zucchini, onions, and tomatoes.

4. Grilling techniques

• Preheat the grill to a medium-high or high heat.

• Oil the grill grates to prevent sticking.

• Use a two-zone fire: Grill over direct heat for searing and indirect heat for finishing to avoid burning.

• Rotate frequently to cook all sides evenly.

• Monitor internal temperature: Use a meat thermometer to ensure meat is cooked to the desired doneness (e.g., 145°F for medium-rare beef, 165°F for chicken).

• Don't be afraid to move kebabs to a cooler zone or the oven if they are browning too fast.

• Rest the kebabs: Allow the cooked kebabs to rest for a few minutes before serving to retain juices.

Start the Day Together for a Stronger Family

Studies show that family meals improve family functioning. This is defined as family connectedness, communication, expressiveness, and problem-solving.

Family meals deepen and intensify family connections and make for healthier, more enduring families. In short, family meals fuel stronger families.

Simple Steps to a Better Grilled Cheese

Add butter with a pinch of salt and pepper to your pan. Add your favorite dried herbs like Thyme or Rosemary to the pan or directly to the bread.

Veggies/Fruit

Fresh produce such as tomatoes, avocado, figs, apples, pears, peaches, peppers, caramelized onions, or basil adds a unique flavor boost to your grilled cheese.

Deli Meat/Other Meats

Deli meat such as turkey, ham, roasted beef, and chicken breast are classic ways to elevate your grilled cheese. Don't forget bacon or prosciutto! Use sauce such as pesto or aioli to enhance the flavor of your grilled cheese.
