**Family TIME**

**Family meals help keep us connected!**

September is National Family Meals Month and we're celebrating.

- Enjoying meals together as a family is a great way to get stronger emotionally, physically, and mentally!
- Family meals are associated with better weight management, improved physical health and improved mental health.
- The communication and relationship skills learned at family meals prepare us to survive and thrive during life's ups and downs.
- Eating family meals is good; spending more time around the table is even better. Extending mealtimes by just ten minutes can further improve diet quality and eating behavior among children.
