Family meal preparation can be as easy as 1-2-3!

- Make pizza night a family meal night by topping frozen or deli pizzas with extra vegetables and proteins (like roasted chicken or ham from the deli) and serve it with a green salad or raw veggies with hummus from the deli.
- Turn salad kits into a family meal by adding a protein, an additional fruit or veggie plus a crispy garnish like a nut or seed. Easy proteins at your grocery store include roasted chicken from the deli, chopped roast beef, turkey or ham from the deli counter, cooked shrimp or grilled salmon from the seafood section.
- Preparing a family meal is *easier* today than ever before! Your neighborhood grocery store has everything you need to bring the family around the table to help *boost diet quality, physical and mental health.*
