## BUTCHER BLOCK BRATWURST

Did you know that the BRATWURST that we sell in our famous Butcher Block Meat Department is "made from scratch" right here at Leon's? In fact, the recipes that we use were originally developed in a joint effort involving both our meat department butchers and the chefs in our deli.

Our Butcher Block Brats are ground fresh right here at Leon's using only the shoulder and loin which are considered both the highest quality and the leanest parts of pork. The result is a brat with 20% less fat than packaged bratwurst brands. It is then that we add the all the extra ingredients that give each individual flavor of brat it's unique taste.

Making brats is actually a very simple process when you start and end with quality ingredients that taste great together. That is why the combination of ingredients necessary to get those great flavors is taken very seriously. Each individual variety of brat that we sell in our case has been taste tested, and tweaked until we got the flavors just right.

What that all means is that you know where everything came from, you know it is high quality and you know it is fresh and that is why we think our brats are the BEST of all the wursts out there!

## CEDAR'S

### TRADITIONAL HÖMMUS

The Cedar's story began in the sunlit kitchens of the Mediterranean, where Hommus is spelled with an "O". Cedar's founder Abe Hanna lovingly perfected his Hommus recipe there—in the old world. He made it the traditional way, using a very simple process and pure ingredients including the freshest chickpeas, most savory tahini and the perfect blend of spices. The result? A healthier hommus that tastes amazing and ditch the preservatives.

Aged Gouda, with its nutty

sweetness, makes a natural  
partner for Cabernet Sauvignon.  
The wine's deep blackberry and  
currant notes soften against the  
cheese's creamy texture, while the  
tannins find balance in its subtle  
sweetness. Together, they create a  
pairing that's full, rich, and smooth.
