## DO YOU FONDUE?

Did you know that CHEESE FONDUE was invented out of necessity not luxury? In the remote and isolated mountain villages of the Swiss Alps people learned to rely on locally made food especially during winter, when fresh food became scarce.

The Swiss found that melting cheeses made stale bread more edible. Local wines and seasonings were added and soon even the dry and hard bread tasted delicious after it was swirled in the creamy melted cheese.

Today many varieties of cheese fondue exist, each with a unique name and different blend of cheeses, wine and seasonings usually depending on where it they are made. The term 'fondue' actually comes from the French word 'fondre' which means to melt.

This year the FOODIES at Leon's invite you to melt on of our hand selected Imported Tradition d'Alps Fondue and use Lincoln's own local LeQuartier bread to dip into it as you ring in 2026!
