What could be better than a strip steak or a filet mignon? How about if you could have them both at once separated and insulated by a bone to keep the meat juicy and add more flavor while cooking? Even better yet, what if it was Leon's "Premium CHOICE" a minimum of 21 days for maximum tenderness and on sale!

HOW YOU CAN GET OUR WEEKLY AD!

Did you know that the only thing you can depend on happening day in and day out is CHANGE? Of course, change can sometimes be good, but for sure when you do not have any alternative it is always best to embrace it and try to make the best of it.

A few days ago we found out that the way our weekly ad flyers are being delivered to our customers was going through a major change at the local newspaper. For several years, it had been mailed in the Local Values packet that comes in your mail every Wednesday. Now we will be mailing them directly to the homes closest to Leon's every Tuesday but on a smaller scale.

This is not the only way you can get our weekly ad flyer though! Even though we are coming up on our 93rd birthday, Leon's is still hip and modern enough that we are posting our ad every week on Facebook/Instagram. We also have a Leon's app (for both ios and android) that takes you to our website and allows you to sign up for a weekly email list through our FOODIE REWARDS program.

When we launched the FOODIE REWARDS program, we knew that some of our customers would prefer NOT to be bombarded by junk mail or give their personal information. That is why we made sure to leave those choices in the hands of the customer by allowing them to select their level of engagement when registering.

Our FOODIE REWARDS program delivers our weekly ad to your email inbox every Wednesday morning. It also gives you access to special pricing in the store, free give-aways and the ability to redeem in-store digital coupons that are becoming more and more prevalent. In short, this is NOT an information grab by us but our best attempt to maintain contact with our beloved customers!

McCANN'S

QUICK COOKING ROLLED IRISH OATS

McCann's goodness starts in the fertile fields of Ireland. There's no place on earth that produces finer oats! Ireland's rolling fields, ideal soil, pristine water and time-perfected growing, harvesting and milling methods make their oats just taste better. Nothing artificial. Just the whole, plump grain steel cut into delectable smaller pieces. In order to reduce the preparation time, these oats are steamed and rolled so that you can enjoy a bowl of wholegrain oatmeal in only 3 minutes.

CARBONE

PASTA SAUCE

Carbone is an Italian-American restaurant created by Mario Carbone. The restaurant pays homage to the essence of the great Italian-American restaurants of mid-20th century in New York, where delicious, exceptionally well-prepared food was served in settings that were simultaneously elegant, comfortable and unpretentious. The little things, as Mario says, are beautifully simple but impossibly difficult to do... like bringing the world's best-tasting tomatoes, grown in volcanic ash and picked by hand in Italy to a table in America. Crafting a recipe with the right ingredients. Slow batch cooking the sauce. The FOODIES at Leon's also think that it is what makes the best sauce and this week you get to check it out yourself...on sale!

The Sauvignon Blancs from New Zealand are unlike those from anywhere else in the world. In New Zealand, the purity and intensity of the light and the cool sea breezes develop unique flavors. From Marlborough, New Zealand's most prestigious viticultural region, comes this intense and racy Sauvignon Blanc with flavors of gooseberries, passion fruit and guava.
