## Cooks Corned Beef Briskets

### Ingredients

- 1 Corned Beef Brisket (3-5 pounds), with spice packet
- 10 cups water (enough to cover the brisket)
- 1 onion, quartered
- 3 garlic cloves, smashed
- 2-3 bay leaves
- 1 tablespoon black peppercorns
- 1 tablespoon mustard seeds (optional)
- 1/4 cup apple cider vinegar (optional, for added flavor)

### Directions

Rinse the Corned Beef Brisket under cold water to remove excess brine. Place it in a large pot or Dutch oven.

Add the water to the pot, making sure the brisket is fully covered. If your brisket came with a spice packet, add it to the pot. If not, add bay leaves, garlic, black peppercorns, and mustard seeds (if using).

Bring the water to a boil, then reduce the heat to low and simmer. Cover and cook for about 2.5 to 3 hours (for a 3-5 pound brisket), or until the meat is tender. You can occasionally check to ensure it's staying submerged in the water, adding more water if needed.

Add Vegetables (optional)

About 1 hour before the brisket is done, add the potatoes and carrots to the pot. After 30 minutes, add the cabbage wedges (if using) and cook until the vegetables are tender.

Once the brisket is tender, remove it from the pot and let it rest for 10-15 minutes before slicing. Slice the corned beef against the grain to ensure maximum tenderness.

Serve the corned beef with the cooked vegetables and ladle some of the cooking liquid over the top. Optionally, drizzle with mustard or a little horseradish for extra flavor.

### Cantaloupe Salad with Mint and Lime

#### Ingredients

1 medium cantaloupe, peeled, seeded, and cut into cubes  
1 tablespoon fresh lime juice (about half a lime)  
1 tablespoon honey (optional)  
Fresh mint leaves (about 6-8 leaves), chopped  
A pinch of salt (optional)

#### Directions

Start by cutting the cantaloupe in half. Use a spoon to scoop out the seeds from the center of each half. Next, use a sharp knife to peel off the skin from each half. Once the skin is removed, cut the melon into slices, then into cubes or bite-sized chunks.

In a small bowl, squeeze the juice of about half a lime. If you like a little sweetness, add the tablespoon of honey to the lime juice. If you're aiming for a slightly savory taste, a pinch of salt can help enhance the flavors of the cantaloupe. Whisk everything together until the honey is dissolved (if using).

Take the fresh mint leaves and stack them. Roll the leaves up tightly into a small bundle, then slice them thinly into ribbons (this is called a chiffonade).

Pour the lime and honey dressing over the cantaloupe and mint. Gently toss the salad with a spoon or tongs to coat the melon evenly with the dressing. Be gentle when mixing to avoid squashing the cantaloupe pieces.

Once everything is well combined, transfer the salad to a serving bowl or individual bowls. Garnish with extra mint leaves on top for a pop of color and extra freshness.
