### SUMMER SPRITZES!

Did you know that an **Aperol Spritz** is a popular Italian cocktail traditionally made with a bitter liqueur called Aperol, Prosecco, and a splash of mineral water? It is typically served in a large wine glass over ice with an orange slice garnish.

For the past several years, the Aperol Spritz has been enjoying a moment in the spotlight. Now it is on just about every cocktail menu worldwide. However, a summer spritz can actually take on many forms and the FOODIES at Leon's are here to share a couple of our favorites with you just in time for summer!

The classic Aperol Spritz follows a 3-2-1 ratio: 3 parts Prosecco, 2 parts Aperol, and 1 part mineral water. However, another refreshing summer spritz called **The Hugo Spritz** is a refreshing spritz made with 3 parts Prosecco, 2 parts elderflower liqueur (like SURO Elderflower), 1 part mineral water served with fresh mint and lime over ice that has got the FOODIES excited this summer.

While Aperol is a bitter-sweet, bright orange Italian aperitivo with orange and herbal notes...SURO Elderflower is a sweeter, French liqueur made from elderflowers, offering delicate pear and honeysuckle notes.

Finally, **The Limoncello Spritz** is yet another bright, refreshing spritz that combines sweet lemon liqueur with bubbly Prosecco. It also follows the classic spritz ratio (3 parts Prosecco, 2 parts limoncello, 1 part mineral water) and can be made in just 5 minutes using ice, a wine glass, and fresh garnishes.

These three Summer Spritzes are guaranteed to make each bright sunny day just a little bit better and they are also another example of why some days being average just isn't good enough, that's when you come to
