FRESH SQUEEZED LEMONADE!

Did you know that the FOODIES at Leon's think that serving fresh squeezed ice-cold lemonade on a blazing-hot day is one of summer's finest pleasures?

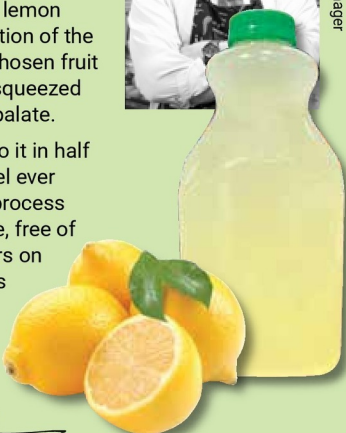

There is a balance to the best lemonade between the sweetness from the sugar and the tartness from the lemon juice that includes layers of flavor and texture that can only be found in freshly squeezed lemon juice. The FOODIES think that the combination of the most advanced technology and carefully chosen fruit is exactly what makes each drop of fresh squeezed lemonade at Leon's an experience for the palate.

First off, our juicer cuts any fruit we put into it in half and squeezes it without any part of the peel ever coming in contact with the juice. It is this process that creates a sweeter, perfect tasting juice, free of essential oils. There are also two pulp filters on our juicer that allow you to enjoy your glass of juice without having to worry about the separated pulp at the bottom.

That is why being average just isn't good enough, that's when you come to

MAVUNO HARVEST ORGANIC DARK CHOCOLATE DIPPED DRIED FRUIT

While serving as a Peace Corps volunteer in a tiny village in Kenya called Miti Mingi, Phil Hughes was surprised to learn that on average farmers only sell up to a third of their harvest. The vast majority of fruit remains unsold and is left behind to rot. After learning that drying fruit opens new markets, creates jobs for the local community, and extends the life and prosperity of the food supply, Phil was inspired to create Mavuno Harvest. Now Mavuno Harvest works directly with farmers in all corners of the world to avoid waste, provide crucial market access, and ensure farmers are paid premium pricing. Oh and by the way, the FOODIES at Leon's think this is one of the best tasting healthy snacks that we have tried in a loooong time!

ICELANDIC PROVISIONS SKYR

Skyr is a thick & creamy Icelandic yogurt that's been a provision of Icelanders for nearly 1,000 years. Skyr is akin to yogurt but has a different texture thanks to the heirloom Icelandic cultures used to make it. It takes nearly four cups of milk to make one cup of Skyr, making it thicker, and creamier than yogurt.
