NUESKE'S APPLEWOOD BACON

Did you know what when it comes to bacon, the FOODIES at Leon's have been leading the pack when it comes to QUALITY for years? It's true! In fact, when you come to our Butcher Block Meat Department for bacon you can rest easy knowing that each one of the varieties we carry has been hand selected.

It all started several years ago when Chief Foodie Chad Winters attended his very first Fancy Food Show in New York City. Nueske's Applewood Smoked Bacon just happened to be named as the top bacon in the USA that year. When Chad tried it, he knew he had to get it at Leon's so our customers could try it!

Nueske's didn't have national distribution at that time so Chad's business partner and Butcher Block manager Roy Toy agreed to meet the Nueske's semi-truck which was traveling down Interstate 80 at a North Lincoln hotel parking lot so we could unload 25 cases of product from them as they were passing through town.

Since then, a lot of things have changed at Leon's... like adding perennial customer favorites to our bacon line up such as Steak Bacon, the Jalapeño or Pecan Smoked Bacon or even Nueske's finally adding direct to store delivery! One thing what will never change though is that some days being average just isn't good enough, that's when you come to

DUKE'S MAYONNAISE

Duke's Mayo elevates any dish. Duke's contains a higher ratio of egg yolks than most other commercial mayos, which makes it rich, creamy, and less likely to separate when heated. There's a wisp of tang from apple cider vinegar and a touch of paprika. Its texture is thicker and almost custard-like instead of simply slick or gelatinous. Duke's is delicious on sandwiches like a BLT, in salads, and even as a key baking ingredient. Low-Carb Friendly. No Added Sugar. Trusted Since 1917.

KEWPIE MAYONNAISE

Spice up your BLT with Kewpie Mayonnaise! Kewpie is an iconic Japanese condiment famous for its rich, creamy texture, savory umami flavor, and distinctive soft squeeze bottle with a red cap. First launched in Japan in 1925, it differs from standard American mayonnaise by using only egg yolks instead of whole eggs and incorporating apple, rice, and other vinegars for a mild tang rather than sharp acidity.
